LIEN TROUBLES—But where is the snow, Harris
(right) asks Joan Peterson, Dick Walsh and Carol
right during Thursday's assembly. A story of win-
mpics in Tyrol will unfold. (Photo-Mortimer)

No Snow, Show Tho'

A snowless Winter Olympics in the city of Tyrol, Germany, will be the theme satirized in Thursday's assembly program. "Skimpy Olympics," at 9 a.m. in the Smith Fieldhouse.

Phil Keeler's plot depicts mama and papa Neiderhauser's pleasure over their hometown being the site of the winter sports meet and the consequent opportunity for marrying their seven daughters to olympic stars. The lack of snow ruins their plans, though, as the participants have to leave.

Students playing lead roles in the Asociated Men Students sponsored production are Joan Peterson as Mama, Harris Craig as Papa, Carol Lynn Wright, Dick Walsh, a Ute Indian from the University of Utah, and the Debonettes group. Dick Berrett is in charge of scenery, costuming is by Liane Harding, and the chorus is composed of members from A Capella Choir.

Also on program are three dance numbers choreographed by Keeler and a special ski overture.

Skiis, Skates, Snowshoes All Enter In Snow Carnival 'Stadium Events'

"Stadium Events," will be held in the football stadium Thursday at 7 p.m.

A large majority of the total number of points toward the "Broken Ski" will be won at that time announced Dick Seiger who is in charge of the new addition to Snow Carnival activities. Men and women will enter each event, and first, second, and third place ribbons will be awsrded.

Enter Events

All racers must furnish their own skiis, ice skates, barrel staves, snow shoes, and costumes.

Units racing with snowshoes may rent them as a group if they don't have their own, Seiger said.

Events Listed

The events are as follows: snow shoe race, barrel atave race, costume novelty, ski race, four-man ski relay, yodeling contest and figure skating.

A portion of the track in front of the grandstands has been frozen and will feature the figure skating. All other events will take place either on the track or in the center oval.

Seiger asks that all racing contestants be present at the stadium by 6:30 p.m. so as to avoid delay in starting. He also urges everyone to bundle up good and warm in anticipation of an evening of fun and entertainment.

Opera Baritone To Sing Concert For BYU Group

Metroplitan Opera baritone, Leonard Warren, will appear Monday at 8:15 p m. in Smith Fieldhouse as a part of Brigham Young University's lyceum series.

Newsweek Magazine described Warren as the "world's finest dramatic baritone."

Warren made his debut in 1939 after six months study in Italy. The La Scala "Rigoletto" was his 100th performance a few years ago.

He was born in New York City and reached the Metropolitan Opera through Auditions of the Air.

In Buenos Aires' Teatro Colon and in the Teatro Municipal in Rio de Janeiro, he sang for six consecutive seasons

Social Units Serve Students, University, Commun

Forming lifelong friendships, experiences in leadership, service to the university and social contacts and development are opportunities available for students who choose to be members of social units.

Brigham Young University has 18 units, eight men's units and 10 women's units. Among the total unit membership of more than 700 are found many of the university's student leaders.

UPHOLDING of university tradition and participation in almost all major campus activities are primary functions of social units. In doing this, units "make a valuable contribution," said Webb Crockett ASBYU President

Traditional activities of social units include participation in Homecoming, Christmas Drive, Snow Carnival and Y Day.

Other popular activities are invitationals, dinner - dances, songfest, performing at assemblies, taking programs to the mental hospital, firesi cultural nights.

A SENSE of belonging working with a small g one of the satisfactions t rived from membersh unit.

Crockett said that w dents have the feeling o ing to a small group, a f belonging to the studen created.

Paul Felt, coordinato dent organizations, had say about social units: also that those who are fied with social units like organizations on have a certain wholeso and general well being dents who are not i with an organization have."

All activities of soc are governed by Inter-o tion Council. Member each is limited to 60.

To become a membe unit a student must pre Jan. 20-21. He must a least five openhouses, J 23, and some of the rush which follow. After an tion to join a unit, a w goating will begin f pledges.

Old unit members s week is often the begi friendships which last t out life.

College Gals Do Scout Work During Summer

"Sumer is a'cumen'" College girls and women graduate students interested in summer jobs which combine scholastic values with opportunities for outdoor living will find thousands of openings awaiting them in Girl Scout camps.

Operated by nearly 650 girl Scout councils throughout the country, these camps give 150,000 girls 7 through 17 years old a chance to live, work and play with girls of differing backgrounds, in the informal atmosphere of the out-of-doors.

Hundreds of counselors over 18 years old are needed to share these wholesome experiences on a partnership basis. The basic requirements are good health, enthusiasm, patience, adaptability, and love of children. Candidates also must be in sympathy with the objectives and philosophy of Girl Scouting.

For students 21 years or older, there are numerous openings as unit leaders, waterfront directors, program consultants, food supervisors, health supervisors, business managers, and assistant camp directors Camp Directors must be 25 or over.

Salaries vary with the assignment and the candidate's previous experience, qualifications and training. Depending on the length of the camp season and the location of the camp, laundry and travel expenses may be included. A basic pre-camp training session of about five days' duration is provided for all staff members.

Many schools allow field work credit for Girl Scout camp jobs, toward degrees in such subjects as social work, sociology, education, science, physical education and recreation. The experience furnishes invaluable insights into the attitudes and reactions of girls, as well as a practical background for future participation in the growing school camp program,

The Girl Scout organization, through its program, tries to help girls learn to accept, appreciate and enjoy other people. The camp setting and a competent staff are means of accomplishing this. The organization encourages well qualified adults of varying racial, religious, and nationality backgrounds to apply.

College girls and women graduate students interested in an expense-free summer combining professional preparation with outdoor living should call the nearest Girl Scout office—usually listed under "G" in the phone book — for additional information on available openings. Or consult your College Placement Office.

Officers of **VAL NORN** will meet Thursday at 6 p m. in 330 McKay Building. Members will meet at 6:30.

Coeds Save Money By Making Clothes

Cravin' a couture look? Then be a copycat.

If you sew your own, it's easy, even though you aren't expert enough to do your own designing or pattern cutting

Keep your eyes peeled on the high fashion magazines, domestic and foreign, for the little things about the clothes shown there that set them apart from the ordinary run.

When you've found a neckline you love or an intriguing skirt, select a basic pattern from the standard lines to work from —one that is approximately what you want.

Change the neck, add an extra flair to the skirt and it's a sure thing you'll never "meet yourself coming down the street."

Anxious Cats Pace Floo

Rejoicing Rams Ready 'Rampage Rendevous'

by Alf Pratte
Daily Universe Sports Writer

Colorado State Rams, who ended the 1956-57 basketball season with a 6-8 won-lost record to place sixth in the Skyline League, will come to Provo looking for their third straight 1958 win Friday. The 0-1 Cougars will be their target

Rams meet the Cats in the first of two weekend games which will throw the charges of Stan Watts against Wyoming on Saturday. Game time for both tilts is set for 8.05

COLORADO STATE coach Jim Williams will bring a greatly improved Ram squad to Provo this time from the team that was beaten by BYU in a pair of encounters last year, 66-61 and 81-66.

Center Chuck Newcombe at 6-4 is one returnee who can be expected to cause the Cats consternation along with forwards Rich Gregory and Bert Christiansen

The Friday game will be broadcast by radio station K S L with the pre-game warmup comments beginning at 7:45 p.m.

Gregory, Stan Albert and Robert (Tobe) Anderson look to pose the most trouble for the Wattsmen.

Buddy Hoffner, a Colorado high school loop star is another who will keep the Rams high on the score sheet

COACH WATT'S will in all probabilities start Russ Peterson, Mel Wilkes, John Nicoll, Roy Thacker and John Gustin in the Friday game.

History wise, Colorado State has won the Skyline division four times since 1927. The most recent was in 1954 while the Rams have also taken championships in 1939, 1940 and 1942.

Championships have gone to the Cougars in 1932, '33, '34, '48, '50, '51 and '57

First Frosh Tilts . . .

Hill Field, Weber Test Bunker's Kitten Cagers

Brigham Young University's restless freshmen get a chance to see action this weekend preceding the two varsity games. Friday night the Kittens clash with Hill Air Force Base and the following night run up against Weber College Both skirmishes tip-off at 6 p m in Smith Fieldhouse

RATED as one of the best frosh clubs in recent years the hoop greenlings will be attempting to lengthen their fourteen game winning streak. Kitten's last loss was an 80-88 decision to Snow College in 1956.

But with some of the teams o the schedule reported stronger than last year, the Kittens will experience rough going. And two probable starters, center Dave Eastis and forward Bruce Hill, will likely miss these first games because of injuries. Eastis will require a special gym shoe to protect his bad heel, according to Frosh coach, Bob Bunker

LAST LEAR the BYU Frosh had little trouble trouncing the Hill Airmen twice, but much improved Weber College has Bunker worried.

Coach Bruce Larson's Wildcats from Weber dumped the University of Utah frosh last week, 63-58, and are out to bust the BYU frosh winning streak. Weber's key forward, Al Holmes scored 27 points against Utah.

"Our boys are still untried, so we don't really know what they can do," coach Bunker said. "Weber's had several games, so we're expecting them to be tough."

But most observers say this year's Kitten squad is loaded with a good balance of height and speed Being especially primed is center Dave Eastis from Denver, a former playing mate of Utah's Carney Crisler.

EASTIS averaged more than 22 points a game at North Denver High School and is second in scoring in that area only to Ron Shavlik, who went on to All-American fame.

Bob Skousen, a 6-4 forward from Mesa, Ariz., is another standout with a 22 point average at Mesa. Skousen is expected to bolster the frosh offense. And on the guard line, a six-foot former marine, Gary Earnest, is showing the hustle that helped him lead several service teams to success

---

1957 Freshman basketball team went undefeated in 12 games, posting one of the best records in the history of the school

John Nicoll . . . Cougar scoring leader holds high hoop hopes.

CURTICE GOING?

San Francisco, (INS) —The San Francisco Examiner said today that Jack Curtice will be officially named soon as Stanford University's new football coach.

The University's athletic board meets today to pass on the selection.

The newspaper said that Kentucky-born Curtice, who has coached at Utah for the last eight years, will receive $15,000 a year on a three-year contract.

Curtice, 50, was said to have received $14,000 a year at Utah.

The most free throws attempted in one game in the Cougar Fieldhouse was 16 by John Bensen against Montana Jan. 4, 1957. He hit 15.

Terry Tebbs still holds the highest scoring mark for one game by a BYU player with 32 Record was made against Denver University, Feb. 4, 1956.

Waddie Windis 'Wh Worries Waiting Wa

by Stan Jackson
Daily Universe Sports Writer

Coach Ev Shelton brings his high riding Cowpokes into town Saturday in hopes of making it three in a row for Wyoming, who presently shares first place honors with Montana and Colorado State -

THE COUGARS, who lost their Skyline opener to Montana last week, have their work cut out for them this weekend. It is the first time since 1950 the Cats have begun the Skyline race 0-1.

After Friday night's game with Colorado State the Cats turn around and take on Wyoming Saturday night

Scoring threat Tony Windis, flashy Wyoming guard who hit for 50 and 24 points against New Mexico and Den spectively, will be Wy big sparkplug. Teaming Windis is Terry Eckhar other hoopster who ha much trobule finding t ket.

It will be interesting what Coach Watts will hopes of stopping thes predictable Cowboys. Cougars are ready for thing from fast break to ming's famed ball contro tics.

The Cats were picked isb low in the lower last year but came throu the Skyline bunting.

What could be better knocking off the Rams Cowpokes, as well as the ters, this weekend?
